

## OUR JOURNEY

Established in 2016 and officially launched on 6th February 2017, Rwanda Interlink Transport Company (RITCO) Ltd is a public-private partnership entity that was established by the Government of Rwanda to provide sustainable solutions to proliferating public transport problems for the rural, urban population and the region. Since its establishment, RITCO has been Rwanda's fastest growing transport company with unprecedented expansion and is growing even further to serve different corners of the country and region. RITCO Ltd has and still is expanding her network in Rwanda, currently covering 86 routes and is mandated to cover 163 routes. The company holds an economic and social mandate with a mission of bringing citizens in rural areas out of isolation by easing their access to developmental activities across the country

## OUR FLEET

RITCO has steadily invested in expanding her fleet with a view of providing more direct connection options for our customers to their destinations at affordable prices. The company is committed to providing the most innovative, sufficient, quality and sustainable intercity connectivity and increase accessibility to developmental activities across the country and region at large. Rwanda Interlink Transport Company (RITCO) Ltd currently boasts a fleet 133 vehicles from only 38 Vehicles (inclusive of 23 Toyota coasters and 15 ISUZU Buses and Coasters) in 2016 as it transitioned from ONATRACOM. In 2017, RITCO purchased 50 Higer buses granting us an operational fleet of 83 vehicles that year. In addition to the existing fleet, the company recently acquired 50 brand new state of the art executive coaches to match the ever changing and growing customer demand as well as the ever-changing technology. These executive coaches are spacious, classy and comfortable buses with leather seats, TVs, WI-FI, USB charging ports among others.

## Our Values

Our customer-focus, innovation, integrity, efficient and effective utilization of resources among other values have seen grow from strength to strength and better positioned us to provide sufficient, quality and sustainable solutions.

## Our Mission

To bring citizen in rural areas out of isolation giving them access to developmental activities across the county and region.

## Vision

Provide the safest, reliable, efficient, environmentally friendly transport system that satisfies the needs of clients and transport operators.

## CORPORATE SOCIAL RESPONSIBILITY (CSR)

Giving back to the community is a value greatly cherished by RITCO Ltd, with a sole aim of eradicating poverty and promoting self-reliance in the societies in which we live and work. As the company expands, our developmental goals are hinged on efficient management of resources and high transparency levels expelling any chances of corruption.

Since its establishment, RITCO has not only invested in increasing the levels of efficiency and accessibility to developmental activities for the rural-urban population but also explored several significant trends that are pushing the very boundaries of public transport. It has from time to time established several direct connectivity routes and fixed transit services that are beneficial and efficient to linking people with places across the country both on feeder roads in remote areas and connecting routes in urban centres. Some of these routes include; Rusizi-Bweyeye, Gisenyi- Kanembwe, Gisenyi-Nkora, Huye-Ruheru-Kivu, Huye-Kajwangari, Huye- Nyabimata, Pindura-Bweyeye, Kigali-Zaza-Sake, Gicumbi-Nyagatare, Kigali-Ruganda etc. We ensure fair distribution of our transit resources to efficiently and effectively serve both our social and economic mandates. RITCO prides its self in building a sustainable transport network that make cities more livable by easing commute.

RITCO Ltd as an industry leader is committed to creating room for a strong and resilient economy for Rwanda. The company grants fair shake opportunities to every individual and enterprise. With the growth of the company, many more employment and business opportunities are created for several individuals, suppliers and service providers taking into account price and quality factors to determine the most economically advantageous bid.
